

PRELIMINARY OKAY GIVEN TO BIGGEST JOINT SCHOOL BUDGET

Topping this year's budget by more than \$150,000, the joint school committee of the Gettysburg Joint School Board Monday evening gave preliminary approval to a \$1,155,875 budget for the 1962-63 school year and told each member district how much its share will be.

Local boards now will develop their own budgets and fix tax rates.

Approximately \$90,000 of the record increase — last year the jump was about \$65,000 — came in salaries, partly because of state-ordered increases in teachers' salaries, partly because the district recently raised the starting base pay for local teachers but chiefly because 10 new teaching positions were created to handle increased enrollment and curriculum expansions.

NEAR 1 1/2 MILLION

In addition to meeting the operating budget of \$1,155,875, the local districts will have to pay \$251,800 in rentals of new school buildings to the Gettysburg School Authority for payment on long term bond issues.

The total amount to be raised in the coming year for local schools will be \$1,407,675. The figure went over the million dollar mark for the first time only a year ago.

Here are the amounts the member districts will have to pay toward the operating budget and school building rentals in the year beginning July 1: Cumberland Twp., \$269,250 and \$50,185 in rentals; Franklin Twp., \$113,415 and \$23,005 in rentals; Gettysburg Area, \$428,630 and \$134,945 in rentals; Highland Twp., \$48,365 and \$7,880 in rentals; Mt. Joy Twp., \$78,690 and \$9,000 in rentals, and Straban Twp., \$197,300 and \$26,785 in rentals.

FINAL ACTION IN MAY

TELLS CLUB OF FLYING SQUADS OFF FORMOSA

Details of a flying conference held last year in the Philippines for air force teams from the SEATO countries were outlined Monday evening at the Rotary Club meeting in the YWCA by Col. Jackson Wallace, Woodcrest, Gettysburg R. D., who was one of the American officers participating in the two-week long program titled "Flying Brothers."

Now commander of Detachment 8, Fort Ritchie, Col. Wallace called the Free China fighter pilots "probably the best in the world," because they are "engaged in a constant war. They fly combat missions regularly over the straits between Formosa and Red China. They know there can be no let up in skills. They have motivation to be the best pilots possible."

While the Red Chinese have "perhaps 7,000 airplanes," the quality of the Free China air force is "far superior" to that of the Red Chinese but "quantitatively they are far outnumbered." When Red Chinese planes "rise to the bait" and try to engage Free Chinese pilots over the straits "the Free Chinese pilots prove how far superior they are." He said he had not heard of any clashes between the air forces "recently because the Red Chinese keep out of the straits between Formosa and the Chinese mainland."

ALL COOPERATE

The annual conference in the Philippines "is not run by the U.S. We meet as professional and social equals. Each team is responsible for part of the training. We want these people to be on our side and you can't put other people to one side and tell them what to do and expect them to be part of a team. The conference is designed to standardize operating techniques (Continued On Page 3)

TRIO TO GIVE CONCERT HERE FRIDAY NIGHT

The Beaux Arts Trio of New York will play the third and concluding concert in the current series of the Gettysburg Concert Association Friday evening at 8:30 o'clock in Christ Chapel at Gettysburg College.

For six successive seasons the Trio has been guest at the Berkshire Music Festival, for three years they have been artists in residence at the University of Indiana and the Trio has a record number of performances as guest artists with major American symphony orchestras. Their second European tour during the spring of 1959 netted immediate invitations to return the next year and they reaped a standing ovation in Berlin and headlines in the London newspapers.

The programs of the Beaux Arts Trio are tastefully chosen and embrace the standard repertoire as well as works of contemporary composers. They have presented many world premieres.

COUNTY WOMAN IS FOUND DEAD IN HER GARAGE

Miss Mary Jane Wills, 40, Fairfield R. 1, was found dead Monday afternoon about 4 o'clock in the garage of her home near Fairfield.

Dr. C. G. Crist, Adams County coroner, and State Police Cpl. James Treas, who investigated, directed an autopsy be performed by Dr. John Hall, Chambersburg, which showed death to have been caused by carbon monoxide gas.

Miss Wills, a daughter of Mr. and Mrs. C. A. Wills, Fairfield R. 1, resided near her parents' home. Her mother, failing to find her daughter at home, went to the garage where she found the body. Dr. Crist said the garage doors had been closed, the ignition of the car was still on and the gas tank was empty.

The coroner said Miss Wills had been in ill health for about a year and a half.

FUNERAL WEDNESDAY

The time of death, in accordance with the new law pertaining to sudden deaths, was listed as 4:30 o'clock, the time of the arrival of the coroner.

Born July 8, 1921, at Greenstone, the deceased is survived by her parents, C. A. and Mary (Anders) Wills, Fairfield R. 1; a brother Robert A. Wills, Gettysburg R. 2; a sister, Mrs. John Beach, Fairfield, and a number of nieces and nephews.

She was a member of the Fairfield United Church of Christ.

Private funeral services Wednesday afternoon at 2 o'clock from the Peters Funeral Home with the Rev. Dr. Howard S. Fox officiating. Interment will be in Evergreen Cemetery. There will be no viewing.

BENEFIT CAR WASH

2 BURGLARS SENT TO JAIL BY JUDGE IN COURT TODAY

Richard Junior Speelman, 21, Aspers R. 1, was sentenced by the Adams County court this morning to from 11 to 23 months in the Allegheny County Workhouse while his companion in a burglary charge, Otis Alvin Snook, 18, also of Aspers R. 1, was sentenced to an indeterminate sentence in the State Correctional Institution at White Hill.

The two had been charged with burglary of gasoline from the barn of Isaac N. Ripley, Aspers R. 1, on February 16. The two had pleaded guilty to the charge. During the burglary of the gasoline, according to the charge, the barn accidentally caught fire resulting in destruction of the barn and equipment. The loss was estimated at \$45,000.

60 DAYS FOR FLORY

Alfred J. Flory, York, who was acquitted on an involuntary manslaughter charge resulting from a death last December in Abbots-town of a 12-year-old boy who was struck apparently by Flory's car while the child was pushing a bicycle along the street in Abbots-town, was sentenced to 60 days in jail and ordered to pay a fine of \$200 to the state and the costs on a charge of failure to reveal his identity at the scene of an accident.

Barbara Yvonne Summers, 28, 230 S. Washington St., was sentenced to from six to 12 months in the Allegheny County Workhouse on charges of forgery of a bank check and false pretense after she pleaded guilty to forging \$58 in checks to make a down payment on a car bought from Hunt Ave. garage. She was arrested in Frederick, Md., after her description was sent out from the local police station.

WOMAN SENTENCED

PLAN COOKING SCHOOL HERE ON THURSDAY

A cooking school will be conducted by Kenna's Food Market and N. O. Sixeas, General Electric dealer, in the Eisenhower School auditorium Thursday evening at 7:30 o'clock. There is no admission charge but tickets should be obtained in advance at either sponsoring firm.

Miss Martha Logan, home economist for Swift and Company, will be in charge of the school. She said today that "planning the party is half the fun of entertaining. Even the calorie-conscious guest can enjoy a party if the hostess uses one of the low calorie party menus and the high-fun party games."

"There will be party plans and games for the family. Teen-agers, small fry, young marrieds and Dad will all receive special menus, recipes and game ideas at the demonstration."

Miss Logan's party menu for the calorie counters is a broiled steak or lamb chops served with baked potatoes, broccoli and sautéed scotchies. She will give directions for broiling as well as show how to make the sautéed (Continued On Page 2)

U.S., England Give Reds Last Chance To Avoid Test Of Nuclear Pieces By U.S.

WASHINGTON (AP)—The United States and Britain gave the Soviet Union an apparently final warning today that unless there is agreement on an enforceable nuclear test ban the new U.S. test series scheduled to start late this month will have to go forward.

In a joint statement released at the White House, the two governments called on the Soviets to reconsider their position on the inspection issue and to accept the principle of international verification.

"If they will do this," the statement said, "there is still time to reach agreement."

The declaration then continued: "But if there is no change in the present Soviet position, the governments of the United States and the United Kingdom must conclude that their efforts to obtain a workable treaty to ban nuclear tests are not now successful, and the test series scheduled for the latter part of this month will have to go forward."

Students To Help With SA Canvass

A score of members of the Delta Kappa Rho fraternity of Gettysburg College will assist with solicitations for the Salvation Army in the northwestern section of town on Wednesday and Thursday evenings, it was announced by Mrs. G. Marion Stambaugh, sector captain.

The group of students will work under the direction of Bruce Garman, chairman of their service committee.

YWCA OFFICERS ARE INSTALLED HERE MONDAY

Mrs. Roy H. Hammond, 415 Harrisburg St., was elected and installed as president of the board of directors of the Gettysburg YWCA at a meeting of the board Monday afternoon at the Y. She succeeds Mrs. Willard S. Paul who served as president for two years. Miss Virginia Myers was elected vice president; Mrs. LeRoy LeVan, secretary, and Mrs. Lloyd C. Keefeauver, treasurer.

Installed as newly elected members of the board for three-year terms were Mrs. Robert A. Wills, Miss Anne Gilliland, Mrs. Guile W. LeVeau, Mrs. John F. Foy, Mrs. Howard S. Fox, Miss Ruth A. McIlhenny, Miss Virginia Myers, Mrs. Richard Bowe and Mrs. Harold Eckert.

Mrs. Mark A. Eckert, retiring vice president, served as the installing officer. Mrs. Fox led devotions.

MRS. HEIM SPEAKS

Mrs. Ralph D. Heim, executive director, outlined the various capacities in which the new officers served the Y before taking office. She explained the duties of a board member and presented instructions and suggestions on the duties. She announced that eight new members joined the Y during March bringing the enrollment to 670.

Mrs. Mark A. Eckert, as house committee chairman, reported the Y-teen meeting room was painted last week. The board room was painted and several new pictures were added. Part of the roof on the south of the building will be replaced. She asked the board members to inspect the new work after the meeting.

Mrs. Eckert gave the report of the finance committee and presented the 1962-63 budget. Mrs. Bowe reported for the Y-teen committee. Mrs. LeVan reported 15 hours of volunteer services were rendered by the committee during the month.

TEA IS HELD

Mrs. Hammond announced an informal dessert will be held at the Y April 25 at 7:30 p.m. in observance of National YWCA. A jewelry show by Thomas Brothers, Biglerville, will be featured at the dessert meeting.

Mrs. Eckert was appointed to represent the Y on Community Chest. Mrs. Fox was named to represent the Y on the County Council of Church Women. Mrs. Mark A. Eckert was appointed Y representative on the Adams County Council of Community Services.

Following the meeting a tea was held at which the new president poured.

IMPROVING AFTER ATTACK

James V. "Hikes" Yingling, proprietor of the Varsity Barber Shop, Baltimore St., is confined to his home in Littlestown after suffering a minor heart attack last week. He is reported to be convalescing satisfactorily.

EDGAR RIEGLE RE-ELECTED AS LOCAL SCHOOL CHIEF MONDAY

H. Edgar Riegle was re-elected superintendent of the Gettysburg Public Schools for a four-year term Monday evening at the April meeting of the Joint School Committee of the Gettysburg Joint School Board.

At the same session, four teachers and an additional school nurse were elected, one teacher resignation was accepted and the board adopted written statements on various school policies that have been in use for years but never before put on paper for board approval.

Mr. Riegle's election was little more than a formality. The fourth item on the agenda for the meeting was a reminder that school laws require the election of a superintendent of schools this year. "The present incumbent is a candidate for the position and would appreciate your favorable consideration," Mr. Riegle had noted.

4 TEACHERS NAMED

There were no other candidates and there was a quick motion to elect Mr. Riegle at the \$12,000 salary indicated in the budget, an increase of \$500. The motion passed unanimously. Mr. Riegle left the meeting room while the election matter was considered.

The teacher elections came on recommendation of the Teacher and Curriculum Committee, presented by the chairman, Chester S. Shriver Jr. Mrs. Nancy Kump, Littlestown, former local teacher, was elected to an elementary position at \$4,200; Sidney Steinour, Gettysburg, who will graduate next month from Shippensburg State College, elected to an elementary position at \$4,000, and Mrs. Mary Johnson, Carthage College graduate, to an elementary position at \$4,000.

Dallas L. Hoffman, Halifax, a West Chester graduate, was elected to a high school teaching position at \$4,000 per year.

NAME 3RD NURSE

Mrs. Kathryn W. Diehl, formerly a local school nurse, was elected as the third local school nurse at a salary of \$4,200.

Reports from the architects on the new high school building, told the directors that the new school is 50 to 55 per cent complete and John B. Hamme, head of the York firm in charge of plans for the new building, said he is "very pleased" with progress on the new structure.

In connection with development of grounds for the new structure, the board voted to remove four small dwellings, garages and sheds along the south side of Wall (Continued On Page 2)

FIRE DAMAGES PHI SIG HOUSE MONDAY NIGHT

Damage was estimated at \$4,000 when fire destroyed one room of the Phi Sigma Kappa fraternity, 343 Carlisle St., Monday evening at 6:25 o'clock.

Fire Chief Francis I. Linn said much of the damage resulted from the intense heat and heavy smoke rather than from the fire. Firemen had to use smoke masks to reach the room on the second floor of the fraternity building and used smoke ejectors to reach the flames.

The fire occurred in a combined bed and study room for three students. Linn said a cigarette may have ignited an overstuffed chair.

The blaze was discovered while the fraternity members were eating dinner downstairs. While the group was eating, the telephone rang. When one of the fraternity members went to the phone in the upstairs hallway, he smelled smoke and called the fire department.

Linn said the fire damaged the floor and ceiling of the room and was kept from spreading. Most of the contents of the room were destroyed.

STOCKS UNEVEN

NEW YORK (AP)—Tobacco rebounded in an irregularly higher stock market early this afternoon. Trading was moderate.

The Associated Press average of 60 stocks at noon was up .10 at 233.40 with industrials up .10, rails up .20 and utilities up .10.

Except for tobacco, which made a strong recovery, changes of most key stocks were small, leaving the plus signs in the majority.

AUXILIARY TO MEET

The Ladies' Auxiliary of the Fairfield Fire Company will meet Wednesday evening at 8:30 o'clock at the Fairfield Community fire hall.

M. Francis Coulson Is Elected Adams County's Superintendent Of Schools

M. Francis Coulson, Biglerville, assistant superintendent of the public schools of Adams County for the last five years, was elected as the new county superintendent at a convention of county school directors this morning at the Eisenhower Elementary School building here.

He was unopposed for the office and received all of the 59 votes cast.

He will become superintendent July 2 when C. P. Keefer, county superintendent since January, 1957, ends his tenure.

TO NAME ASSISTANT

This morning's convention named a committee to prepare resolutions of appreciation for the years of service rendered by Mr. Keefer in the public schools of the county, and Superintendent Keefer responded briefly by referring to the "cordial relations" he had enjoyed while serving in the county superintendent's office.

Mr. Coulson will appoint his assistant soon but has not indicated who his choice will be.

A resolution adopted after the election this morning fixed Mr. Coulson's salary as superintendent at \$11,000; the salary of the yet unnamed assistant superintendent at \$9,750 and that of the supervisor of special education at \$9,250.

WOULD AMEND 561

The superintendent's salary will be \$1,000 above the state-mandated minimum and the salaries of the two others are \$1,250 above the state minimum for those positions. Amounts in excess of the state minimum figures are paid by the school districts of the county. The base salaries are paid by the state.

In a survey requested by the state School Directors' Association, the directors in attendance today voted this way on Act 561, the new school district reorganization act: For keeping the bill as it is, 3; against retention, 45; for repeal, 24, and against repeal, 25; for amendment of the act, 42, and against amendment, seven. Results will be forwarded to the state association.

A three-page questionnaire from the state directors' association seeking directors' views on many school questions was reviewed by Mr. Coulson and copies were distributed for consideration and later reports at district or joint board meetings.

LOTT RESIDES

William M. Lott, president of the county school board, was elected chairman of this morning's session and Hugh C. McIlhenny, the county board's secretary, was elected secretary. John Pitzer and Charles Slaybaugh were appointed tellers and tabulated Coulson's vote as the roll of directors was called by McIlhenny. Mr. Coulson's name was formally placed in nomination by Col. Thomas Al-jen of Highland Twp.

The resolution fixing the three salaries was presented by Oscar Rice Jr., president of the Upper Adams Board, as suggestions offered by the county board.

16TH SUPERINTENDENT

Mr. Coulson thanked the convention, described the future of the office of county superintendent as "indefinite" under the school reorganization program and told the directors that, since the office of county superintendent was created in 1854, there have been 15 superintendents, the first being David Wills of Gettysburg. He foresaw "difficult decisions ahead in the county office in the next few months and the next few years."

The new county superintendent is a graduate of the York Springs High School and obtained his bachelor's degree at the Shippensburg State College. He received his master's degree from Penn State. He taught in Tyrone Twp. from 1938 until 1944 and was elementary principal at Biglerville until 1952 when he became director of elementary education for the West Shore Joint Schools. He left that position in 1957 to become assistant county superintendent here. He is married to the former Grace Kindig of Littlestown and they are the parents of a daughter and a son.

REPORT CAR THEFT

State police reported a 1953 Ivory colored Chevrolet bearing license M74636 was stolen from the parking lot at the Gettysburg Shoe Co. between 5 p.m. Monday and 2 a.m. today. The car was owned by Mrs. Martz, New Oxford R. 1, according to the borough police sheet.

FIREMEN TO MEET

The Gettysburg Fire Department will meet Wednesday at 7 o'clock at the engine house. The members will then visit the new Visitor Center after which they will return to the engine house for their regular business meeting.

AUXILIARY TO CONDUCT AN EGG HUNT

The auxiliary of the Gettysburg Fire Department will hold an Easter egg hunt for children of members Saturday afternoon at 2:30 o'clock at the Recreation Park according to plans completed at a meeting Monday evening at the Adams Electric Cooperative building.

The hunt will be open to children up to and including the Sixth Grade. In case of rain the hunt will be held at the Recreation Park dining hall. Auxiliary members who have not registered their children are asked to phone Mrs. William Hemler by Thursday. Each child is asked to bring a container for the eggs he or she collects.

Mrs. Harold Dayhoff, ways and means chairman, reported the profit on the recent fashion show held at the Moose lodge was \$204. The award for selling the most tickets went to Mrs. Edward Paris. Mrs. Dayhoff also announced that members sold \$915 worth of Easter candy. The prize for the highest number of sales was won by Mrs. Walter Johnson.

Plans were announced for a rummage sale in May.

Mrs. Robert Hartman, representative to the Adams County Home Auxiliary, reported assisting with the arts and crafts program at the home and asked members to donate cardboard rolls, popsicle sticks and coffee cans for the program.

Mrs. John Codori, chairman of the bake sale at the Builders' Show, reported a profit of \$55.

Mrs. Ivan Breighner, general chairman of the carnival kitchen committee, announced that the 10 members of the planning committee will meet the first and third Mondays of the month until the carnival. She also announced the members of the various committees for the kitchen and dining room at carnival time. That list will be published Wednesday.

The door prize was won by Mrs. Donald McSherry.

The next meeting of the group will be held at the Adams Electric Cooperative building May 14.

The refreshment committee for May will include: Mrs. John Staub, Mrs. Marie Clabaugh, Mrs. Robert Heyser, Mrs. Donald Peters, Mrs. George Ditchburn and Mrs. Francis Yingling.

An Easter bonnet contest was held with Mrs. Donald Staub and Mrs. Francis Yingling as judges. The prize winners were: Prettiest bonnet, Mrs. Darlene Dayhoff; most original, Mrs. Charles Sterner; funniest, Mrs. William Hemler.

During the meeting "Mrs. Easter Bunny" distributed Easter baskets to all members.

Mrs. Ray Breighner, president, presided with 36 members present. The invocation was given by the chaplain, Mrs. Martin Crabill.

PROPOSES 15

St. on school land and have the land graded. The district receives about \$125 per month in rentals from the properties. Tenants there will be directed to vacate.

PROTEST TO AUTHORITY

A letter was directed to the Gettysburg Municipal Authority protesting sewer conditions that threaten flooding of the new high school gymnasium. The letter will urge that remedial action be taken promptly by the borough authority. Reports to the school directors have indicated the chief cause of the trouble is "vast quantities" of surface water that enter the sanitary sewer system. The problem has been described as "very serious."

Bills totaling \$10,427 were ordered paid.

The local DeMolay Chapter was granted use of the high school cafeteria the evening of May 18.

ADOPT POLICIES

The directors adopted recommended statements of policies from the Teacher and Curriculum Committee that were described as putting on paper practices that have been followed for years. "There are very few cases in which we have to use the policies," Mr. Riegle said. The policies regard pregnant students, married students, married or unmarried students who are parents and students who have been removed from school under court order. The policies also cover conditions under which they may return to school or continue their studies.

In another policy statement, the board went on record as refusing to accept results of general educational development tests given by the state or other agency as a qualification for a Gettysburg High School diploma. Another policy had to do with transfer pupils or pupils re-entering after leaving school for marriage or other special reason.

In another policy the board fixed 18 as the number of credits required for graduation from Gettysburg High School, effective in 1963-64 year. The requirement now is 16 but most pupils have 18 or more currently, Mr. Riegle said.

ORIENTATION FOR PARENTS

Another resolution made provision for summer classes requested by a sufficient number of pupils and paid for by the pupils or their parents on a pro-rata basis.

The board accepted the resignation of Mrs. Norma Martin as a teacher at the Eisenhower School. Richard A. Folkenroth, elementary coordinator, told of plans for orientation meetings of parents of next fall's beginners with elementary staff members on April 26. High School Principal Clifford Snowberger announced the junior class play for April 27, a choral program for May 4 and state chorus sessions here May 10, 11 and 12.

Mr. Riegle announced the fourth annual meeting of school directors and superintendents in the South Penn Council April 24 at 6 p.m. in Harrisburg. A large delegation will attend from here.

REPORTS PRESENTED

Announcement also was made of the Region 6 meeting of school directors at Susquehanna High School on April 28. Col. Thomas Allen, district chairman, also announced program plans for that day.

President Oren H. Wilson presided at the meeting. Monthly reports presented included that of the First National Bank as district treasurer showing month's receipts of \$72,772; expenditures of \$84,655, leaving a general fund balance of \$19,650.

The monthly cafeteria report showed meals served on 20 days last month to an average of 2,135 students and 87 adults with an operating balance of \$137 for the month. The activities fund report showed a \$22,841 balance and the high school athletic fund balance was given at \$162 after expenses of \$1,099.

Beda Eckert, Gettysburg.

Rev. J. Carew will officiate. Burial will be in Mt. Olivet Cemetery, New Cumberland. There will be no viewing.

J. Lloyd Wolf, 64, Peters St., New Oxford, died at 3 a.m. Monday in the Misericordia Hospital, Philadelphia, where he had been a patient for two days. He had been in failing health for a year.

He was born in Hamilton Twp. a son of the late John H. and Minnie Heagy Wolf. He conducted a huckster and grocery store in Philadelphia for 35 years.

He is survived by his widow, the former Miss Carrie R. Keener, and three children, St. Glenn S. Wolf, Brooklyn; Charles H. Wolf, New Oxford R. 1, and Edward J. Wolf, New Oxford. Seven grandchildren also survive.

Funeral services will be held Thursday afternoon at 2 o'clock at the Fred Feiser Funeral Home, New Oxford, conducted by Rev. Charles F. Strasbaugh, pastor of the United Church of Christ, Holtzschwamm, York County. Interment will be in the New Oxford Cemetery.

Friends may call at the funeral home after 7 p.m. Wednesday.

POLICE SEEK KNIFE WIELDER

George Elmer Daniels, 46, Beckley, W. Va., roofer, was in the Warner Hospital today suffering from a number of stab wounds while state police searched for Roy R. Hose, 55, Covington R. 5, Va., who, officers allege, stabbed Daniels during a fracas in Biglerville Monday about 8 p.m.

According to police, Daniel suffered a stab wound in the stomach, plus less serious cuts on the ear, side of the face and about the chest. Police believe the weapon was an "elongated pocket knife."

The officers said the stabbing occurred in the home of Mrs. Gladys Bosserman, E. York St., Biglerville.

According to the officers, Hose was a brother-in-law of Mrs. Bosserman, whose husband died some time ago. Hose and three other relatives were visiting the Bosserman home, according to the police.

During the evening an argument arose, police said, during which Daniels, also a visitor at the home, was allegedly stabbed by Hose. Police said Hose then fled the house.

ELECTION HELD
BY HOLY NAME

Election of officers took place at the monthly meeting of the Holy Name Society of St. Aloysius Catholic Church held Sunday evening in the all-purpose room of the parochial school. Elected were Marvin Miller, president; William T. Gingrow, vice president; Robert Murre, secretary; Kenneth Sentz, treasurer; Albert Kuhn and Robert G. Breighner, marshals. The new president, who was serving as vice president, automatically advanced. Retiring officers are Stewart N. Long, president; Laurence E. Altoff, secretary, and Thomas Duttera, treasurer. William May and Z. W. Sanders served as tellers for the election.

The annual banquet of the Conewago Deane of Holy Name Societies will be held on Thursday, April 26, at Sacred Heart Parish, Conewago. Tickets for this event can be secured from Z. W. Sanders.

President Long presided for the business, which opened with a prayer by the pastor, the Rev. Dr. John E. Metz. Routine reports were given. It was voted to contribute \$10 as a prize for a member of the graduating class of Delone Catholic High School. Plans were discussed for a special fund raising project for the Parish Plant Renewal Fund. Following the business, a film on East Germany was shown and refreshments were enjoyed. The Holy Name will meet again on Sunday, May 13.

Father Metz announced at the Sunday morning masses in St. Aloysius Church that the motion picture "Question 7" will be shown on Wednesday through Saturday at the Towne Theater. The film depicts communistic methods of approach in contrast to the Christian way of life. It is highly recommended to everybody.

Girl Scout Troop 780 met on Monday after school at the engine house, with Mrs. James H. Spalding, Mrs. William Moon and Mrs. George Rhodes, leaders, in charge. Plans were made to have a party in connection with the meeting next Monday. Members may invite guests and there will be records and refreshments. Badge work and Girl Scout cookie sales money should be turned in at the meeting next Monday.

Miss Evelyn C. Altoff, E. King St., and Miss Anna C. Weaver, N. Queen St., attended the spring conference of the North Atlantic Region of the American Confederation of Soroptimist Clubs at Atlantic City during the weekend.

LITTLESTOWN — Donald Koonz was leader at the meeting of the Methodist Youth Fellowship of Centenary Church on Sunday evening. The program opened with the 15 members in attendance singing "What a Friend We Have in Jesus." The topic "Stunts" was discussed by the group, followed with a conversation circle, clap-in-clap-out, and shoe scramble stunts. The benediction was then repeated in unison. Earl Gregg was appointed to be leader for the meeting next Sunday at 6 p.m.

The Christian Endeavor Society of Christ United Church of Christ met Sunday evening with Dorothy Gerrick as leader. The program was as follows: Song service, Nancy Koons, pianist; special piano solo, Miss Darlene Dehoff;

"LITTLE MOTHER"

Her little doll with ragged hair . . . lay broken on the floor . . . while Ma was weeping bitter tears . . . though she was only four . . . the angel face that was so sweet . . . now looked as if in pain . . . although the sun was shining bright . . . her heart was filled with rain . . . she held the doll in warm caress . . . a heavenly embrace . . . and dried the tears of make-believe . . . that wet its plastic face . . . the sight my searching eyes beheld . . . was tenderness and bliss . . . for what could be more wonderful . . . than baby love like this . . . she tried to patch the doll's arm . . . with bandages of white . . . but somehow she was not quite sure . . . that she was doing right . . . so little mother raised the phone . . . I think I heard her say . . . please send the doctor to our house . . . and make it right away.

Scripture, Ruth Koons; prayer, the Rev. G. Howard Koons, pastor; topic, "Teach Us to Pray; Meet Christ in Luke's Gospel," discussed by Dorothy Gerrick; routine business in charge of Ray Bowman, vice president; poem, "Crowned or Crucified," read by Freda Arentz. The society will meet again next Sunday at 7 p.m. The Littlestown Ministerium endorses the movie "Question 7," which will be shown at the Towne Theater Wednesday through Saturday evenings. The film deals with the conflict between Christianity and communism, and was produced by Lutheran Film Associates.

The midweek Lenten service will be held in St. Paul's Lutheran Church at 7:30 p.m. on Wednesday. The sermon will be delivered by the pastor, the Rev. Lawrence H. Roller. The Junior Choir will rehearse at 6:30 p.m. on Thursday and Senior Choir rehearsal will follow at 7:30 p.m.

Girl Scout Troop 763 will hold its monthly meeting on Wednesday, April 18, after school at the engine house. The meeting was incorrectly announced for Wednesday of this week.

The Littlestown Fish and Game Association will hold its April meeting on Wednesday at the clubhouse, near town. The session will convene at 8:30 p.m., following the community Lenten services.

Prayer meeting will be held in Bethel Assembly of God Church, along the Littlestown Fish and Game Rd., at 7:45 p.m. on Wednesday.

Gets Title Role In Kennedy Movie

HOLLYWOOD (AP)—Cliff Robertson has snagged the plum role of L. A. John F. Kennedy in "PT 109."

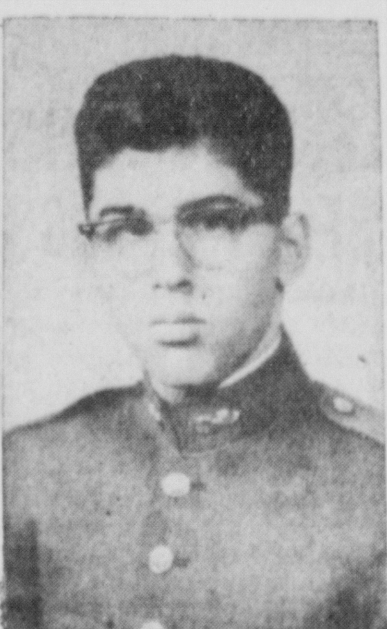

Robertson, 36, is a seasoned performer in both movies and television.

The Warner Bros picture is based on wartime experiences of President Kennedy.

Robertson's selection ended months of sitting through hundreds of actors for the right man for the sensitive role.

Robertson does not look like Kennedy, but like the President, he is tall, slender, good-looking and has a thatch of brown hair.

His best-known performances are in such movies as "The Naked

EXPLORERS ON
NEW YORK TRIP

Members of Explorer Post No. 84 and several guests enjoyed a train excursion to New York City on Saturday. The group left town at 5:30 a.m., boarded the train at Lancaster station, returned there and then home about midnight. The trip included a tour of the United Nations building, when their guide was a Greek girl; a tour of St. John the Divine Episcopal Church, a ride on the Staten Island ferry; they also visited Chinatown and the Bowery.

Macy's and Gimbel's. The tour also included a steak dinner at a restaurant in Grand Central Station.

Those who made the trip were: Associate post advisor Charles Mummert, who was in charge; Carl Ritter, William Blocher who provided transportation to Lancaster, Jon Prato, Lowery Close, Thomas Gingrow, James Long, Larry Altoff, Ronald Benner, James Bowersox, William Ritter, Paul Bowman, William Prosperi, Norman Lemmon, Timothy Stites, Thomas Benner, Mrs. Mary Bowersox and Mrs. Bernice Bachman.

Plans were made to sponsor a record hop at the weekly meeting of Explorer Post 84 on Monday evening at the Community Center. The hop will be held on Saturday from 8 to 11 p.m. in the Maple Ave. School auditorium. Associate

post advisor Charles Mummert presided. There was a discussion on conducting a paper drive in the near future. Ash trays were donated for the meeting room by several members. Lee Krout, associate post advisor, who recently completed a tour of overseas duty with the Army, showed slides which he took in Europe. The slides will meet again next Monday at 7:30 p.m.

Miss Donna Rabenstein, daughter of Mr. and Mrs. Charles E. Rabenstein, S. Queen St., and a freshman music student at Mansfield State College, was a piano solo participant in the Fine Arts Festival presented by the College-Community Symphony Orchestra on Sunday evening in Straughn auditorium.

Miss Rabenstein played the second movement of Beethoven's "Piano Concerto in C Major"; the first movement was played by a junior student, Paul Donnelly, and the third movement by a freshman, Sherill Fuller, both of Renovo. The local girl is a graduate of Littlestown High School, Class of 1961, and was recipient of the Arion Foundation Award. She is studying under Prof. John Little and her campus activities include Marching Band and Campus Choralaires. The selection which she played on Sunday was first performed in Vienna in 1800, appearing on the same program as Beethoven's First Symphony. Mr. and Mrs. Rabenstein and her mother, Mrs. Annie Heltbridel, attended the Fine Arts Festival.

finance and planning committee which Superintendent H. Edgar Riegle said had "worked very diligently" on the budget at a series of meetings in the last month.

Monday evening's preliminary approval means that the proposed budget will be open for public inspection until the May meeting of the board when it will come up for final adoption.

GIVES "BREAKDOWN"

In the budget breakdown submitted by Mr. Weaner, administration costs go up \$4,000 to \$46,340; instruction costs made up chiefly of teachers' salaries jump \$92,000 to \$814,285; attendance services up \$50 to \$300; health services up \$6,000 to \$19,600; pupil transportation services up \$200 to \$1,250; operation of plant, up \$21,000 to \$88,600 with provision made for the new high school building to be included; maintenance of plant, down \$3,000 to \$24,600; fixed charges, up \$4,500 to \$69,000; food services, up \$200 to \$4,400; student body activities, up \$3,300 to \$6,300 including \$1,000 for new band uniforms; community services, up \$50 to \$1,750; capital outlay, up \$11,000 to \$35,150, including \$2,000 for school bus and \$8,000 for fire insurance reducing and fire safety work on old high school building; outgoing transfers, down \$6,500 to \$20,000, and budgetary reserve, \$24,300, a new item.

Financial statements were distributed to member districts showing they have paid \$654,000 into the jointure treasury so far in the current year and owe \$296,270 before July 1.

Abbottstown

ABBOTTSTOWN—The Abbottstown Fire Company made plans at its regular monthly meeting recently to ring the town church bells in case of fires when there is no electric power.

The action was taken as the result of the power failure during the heavy snowstorm in March. The power was also off at the time of the March meeting and as a result the meeting was cancelled.

Two members were admitted, Robert Thieret and Robert Smith. A nominating committee comprising of C. Smith, Homer Hafer Sr. and Isaiah Hoke was appointed.

The following fire police were appointed at the February meeting: John Lillich, Lawrence Neff, James Gross Jr., Rev. Lester Karschner, Nevin Myers, E. J. Haverstick, Mack Baker and Thomas Roomsburg. Lillich, who was made captain, asked the company for additional caps and badges.

A drill on apparatus and hose handling will be held Saturday at 1:30 p.m. at the Abbottstown Water Company reservoir.

Bills amounting to \$200 were approved for payment. Receipts were \$252.

TOKYO (AP)—The Communist New China News Agency said today five American airplanes were destroyed on the ground in Laos by saboteurs on April 3.

Quoting the radio of the pro-Communist Pathet Lao, the Red Chinese agency said the planes were "burned out on April 3 during a storm by people who found a way into the airport."

The report indicated the airport was in Savannakhet Province in southern Laos but gave no other details.

KINDERGARTEN
GRADUATES 14

The following children were graduated from the Christian Kindergarten of St. Paul's Lutheran Church during the Sunday morning worship service in St. Paul's Church: Kay Bancroft, Nadaga Bloom, Andy Bollinger, David Daum, Gina Geisler, Patricia Halter, Gail Hartman, Daniel Hedges, Michael Kagarise, Rickie Masemer, Beverly Pittenturf, Scott Robert, David Renner and Susan Snyder.

Nine children were baptized in St. Paul's Church on Sunday by the pastor, the Rev. Lawrence H. Roller. They were: Charles William, Tammy Arlene, Timmy Albert, Sally Ann, Daniel Leo, Howard Edward and Jesse Earl Milhimes, children of Mrs. Kathleen Kopp Milhimes, near town, and the late Jesse Milhimes; Todd Patrick Donnelly, infant son of Mr. and Mrs. James P. Donnelly, of town; Christine Lisa Gitt, infant daughter of Robert and Jean March Gitt, near town.

An anthem was sung by the choir during the service on Sunday. The sermon was delivered by Pastor Roller. The Old Testament lesson was read from Numbers 21:4-9; epistle from Hebrews 9:11-15; gospel from John 8:46-59.

A special offering was received for the International Christian Youth Exchange Program. Altar flowers were placed in memory of Mrs. Arlean Lemmon by the family, and in memory of Mr. and Mrs. John C. Byers by the family. The ushers' boutonnières were given by the Starr Bible Class in memory of deceased members. Contributions of used clothing for Lutheran World Relief should be placed in the narthex between April 22 and May 6.

Members of the Senior Luther League of St. Paul's Church were guests at a joint meeting of the Junior High and Senior High Youth Fellowships of Redeemer's United Church of Christ on Sunday evening in Redeemer's social hall.

The opening devotions were conducted by Donald Arbogast Jr. and Sharon Flinchbaugh. A film, "Date Etiquette," was shown, followed with group games, led by the host pastor, the Rev. Glenn Flinchbaugh. Refreshments were served to over 50 young people in attendance by the Fellowship. A colored scenic film on British Columbia was shown during the social hour. There will be no more regular meetings of Redeemer's Youth Fellowships, and the next affair will be a social event on a date to be announced in May.

CHICAGO (AP)—The Rev. Thomas J. McCormick, who was told he had only a year to live when he became a missionary to the Indians in South Dakota 60 years ago, observed his 102nd birthday Monday.

Father McCormick, believed to be the nation's oldest Roman Catholic priest, lives in retirement at the Viatorian Novitiate in suburban Arlington Heights.

He joined the clerics of St. Viator in 1886 while living in La Salle, Ill., and was ordained in 1894.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
FIFTY YEARS AGO

Town Council: Town Council accepted Policeman Stroup's resignation and elected Wallace Emmons in his place. Mr. Emmons has been a resident of Gettysburg for several years and in that time has made a large number of friends. He served an enlistment in the U. S. Army, is young and of fine physique and should make a most acceptable officer. For some time he was steward at the Elks' home and more recently has been employed at the federal building. Charles O. Yohe and M. T. Cluck were also applicants for the position. William Henry asked council for a concrete curb on the south side of Hanover St. at the properties where Mr. Reaser and Mr. Henry expect to build residences and at other properties adjoining.

The highway committee reported favorably on Mr. Ring's request for permission to erect a portico in front of the Hotel Gettysburg. John H. Crowe, the architect for the improvements at the hotel, explained to council the contemplated change and the request was granted. The pillar on the west will be eleven and a half feet from the curb line and that was deemed sufficient for travel.

New York (by telegraph) — Pope Pius X died this morning.

Steamed Apple Butter: Chambersburg Public Opinion says, "Over in Adams County a new plan for making apple butter has been adopted. Formerly it was the usual plan for the farmer to build a large fire of wood early in the morning, suspend over it a large copper kettle, into which were placed cider, pared and split apples, sugar and other ingredients, after which the fire was kept up all day, the apple butter being ready to take from the kettle usually about the darkness of the evening, enough wood having been consumed to keep a family for a month or more. This is all changed. Now the farmers prepare their 'cut' apples, take their cider, sugar and other ingredients to the cider mill, where they are placed in a barrel which has been used for molasses and cooked for three hours; when the butter is ready to be placed in crocks or jars and is ready for use at any time. The plan works well and saves the farmers much expense."

Fairfield: The Liberty Rural Telephone Company is busily engaged in erecting its line between Emmitsburg and Gettysburg, going through Liberty, Highland and Cumberland Townships.

Improvements To Town Hotel: A completely remodeled hotel, thoroughly modern in every particular, will follow the completion of the present improvements now being pushed forward rapidly at Hotel Gettysburg. Among the most important changes are the enlargement of the lobby and the alterations to the exterior of the hotel. The lobby will be greatly enlarged and room is also provided for an elevator to be installed later on. The barroom will be extended into a portion of the old dining room and the remainder of this portion of the hotel will be used for a well appointed grill room and grill kitchen. On the second floor the entire front is being changed and new bedrooms with a large parlor will be made. The exterior of the hotel will present a far different appearance from the present. The present portico will be removed and a two-story porch will replace it, large pillars extending to the top of the second floor and a second-story porch being one of the features. The exterior will be plastered with stucco, a material which will be a light grey and will help produce the desired colonial effect.

Ready For Operation: It is now expected that the large mill formerly known as Diehl's Mill, along the York pike, near New Oxford, which is being remodeled throughout, will be ready for op-

Today's Talk

IF YOU ARE A LOVER

There are only two kinds of people in this world — the happy and the unhappy.

The happy people are the lovers, not of themselves, but of others — of nature, of books, of art, of beauty in all its forms.

Not to love in some way is to give up every possibility of being happy and useful.

Nothing lubricates like love. Love in your work takes away every tint of dullness and puts in its place interest and enthusiasm.

To love another man or woman is to create another self within you, vibrant with life and joy.

All that you give of love and loyalty comes back to you again in the very substance of your heart.

It is impossible for you to love anything of beauty without the essence of that beauty being reflected back as a part of your innermost thoughts.

If you are a lover, you are by this very fact one of God's elect.

The lover never sees defects excepting as he colors them with some tint of beauty. No matter where he looks, no matter how he feels toward an object or person, therein he plants his seed of love, and hopes for the growth of some flower of goodness, nurtured in the soil of the soul.

Behind every object of beauty is the creative hand of love.

BASEBALL NEWS

I will read the front page murder and whatever's in the news.

The dispatches, world wide over I will eagerly peruse.

I take all the local gossip with my breakfast or my tea.

Everything on earth that happens holds an interest for me.

I run through the richer columns, all devoted to the arts.

But I'm happier with my paper when the baseball season starts.

Oh, I don't know how to say it lest I be misunderstood.

For a paper, like a lifetime, is a blend of bad and good.

But I wake up in the morning with a zest for every word of men's victories and failures which have yesterday occurred.

But I think when winter's over and the cold of it departs

There is more joy to read of when the baseball season starts.

Winter's long and it is dreary and its news is sometimes bad.

Through the columns of the winter there seems more to make us sad.

But the springtime news turns cheerful. Am I saying what is true?

Or is this what I imagine, as I run the paper through?

Do not most of us in April face our tasks with lighter hearts

When the boys come back from training and the baseball season starts?

JUDAS ISCARIOT

"He spake of Judas Iscariot the son of Simon: for he it was that should betray him, being one of the twelve."

—John VI:71

Of all the twelve who were called to be disciples, the character of Judas remains the most mysterious.

The Gospel writers tell us nothing of his life or background before he met Jesus, and very little of his association with the Master, except always to identify him as the betrayer.

But, as Dr. Hales observes, "the treachery of Judas Iscariot, his remorse and suicide are occurrences altogether so strange and extraordinary that the motives by which he was actuated require to be developed as far as may be done, where the Evangelists are in a great measure silent concerning them."

It is obvious that Judas had some overwhelming weakness, some ruling passion that made him, when under its influence, powerless to resist evil.

But what was that weakness? Was it covetousness, as the Gospel narratives imply—a lust for money that was so great that he stole even from the disciples themselves?

If that were true, why was Judas made steward and almoner for the group, receiving contributions and overseeing their redistribution? (John XII:6 and XIII:29).

An interesting apocryphal source states that Judas Iscariot's weakness was wine. While this account has no Scriptural support, it is a more rational explanation of his behavior. For, even in our own day, alcoholics and drug addicts often sacrifice everything, even those they love, on the altar of their inveterate habit.

The Gospels tell us that, stricken with remorse, Judas tried to undo the betrayal of Jesus, and returned the 30 pieces of silver, which the priests refused, and which were eventually used to buy a potter's field.

In profound despair, Judas went out and hanged himself; but in the act, apparently the rope broke and he fell down a steep precipice at Acladama where "he burst asunder in the midst." (Acts I:18).

As Papini observes in his "Life of Christ":

"Only two creatures in the world knew the secret of Judas: Christ and the traitor."

LEGION PLANS 'BELLS ACROSS'

Residents of Littlestown are urged by Legion Commander Claude Snyder to participate on April 19 in a nationwide demonstration of patriotism and national unity, to be proclaimed by the ringing of bells.

A special meeting was called on Sunday for the purpose of planning the community's participation in the program. Commander Snyder announced that the Legion, with the cooperation of other national organizations and associations, is urging this "demonstration of a dynamic conviction of Americanism to dispel all doubt concerning America's unit." He noted that the national commander, Charles L. Bacon, has appointed Adm. Arleigh A. Burke, USN Ret., to head up a "Bells-Across-the-Nation" committee to which Commander Snyder has been appointed as a personal representative of the Legion's national commander. This national committee seeks the organization of community committees throughout the United States to join in this nationwide demonstration of national unity.

PLAN SCHOOL ASSEMBLIES

The local committee includes the commander, Samuel J. Snyder, Lloyd T. Bortner, Richard D. Thomas, William T. Gingrow Jr., Roy D. Renner, Ralph R. Ruggles Jr., Elmer W. M. Dutera and Beaven F. Hanlon. Notices are being prepared requesting that all school children of the community participate in the program. Although there will be no school in April 19, the local school authorities have been urged to have special "Bells-Across-the-Nation" assemblies prior to the close of school on Wednesday, April 18. All pastors of the local churches have been asked to ring the bells of their respective churches at 1 p.m. on the date specified.

TO VISIT HOSPITAL

The Ladies' Auxiliary of Ocker-Snyder Post No. 321, American Legion, will make its annual visit to the veteran patients at Samuel G. Dixon State Hospital, Mont Alto, Sunday afternoon. Home-made cookies and gifts will be taken to the 95 veteran patients. Mrs. William J. Yingling, unit rehabilitation chairman, has announced that members and interested persons may leave cookies at her home on E. King St. by noon Saturday. The cookies will then be packaged.

The April meeting of the Legion Auxiliary will be held following the community church services Wednesday at 8:30 p.m. at the post home, E. King St. Final plans will be made for the visit to Mont Alto. Mrs. John Bair and Mrs. Norman Sentz will be the hostesses.

The Brownie Scouts of Troop 976 completed work on hand puppets at their meeting last Wednesday at the engine house. Three members, Beth Prosperi, Wanda Sentz and Melody Cluck, and three committee members, Mrs. John W. Hankey, Mrs. Laverne P. Louey and Mrs. Robert Wiseman, were invested. Scouts Karen Kershner and Tina Reigle assisted Mrs. Paul C. Mayers, leader, with the session.

Caddy Says He Knows When Arnold Palmer Will Rally

AUGUSTA, Ga. (AP) — Arnold Palmer's longtime caddy says it's easy to tell when the Pennsylvania strong boy is going to make one of his now fabled charges on the golf course.

"He just jerks at his glove, tugs at his trouser belt and starts walking fast," Nathaniel (High Man) Avery said Monday.

"When Mr. Arnold do that, everybody better watch out. He's gonna stampee anything in his way."

High Man, a skinny, 6-foot Negro, who has noted Palmer's clubs in all eight of the Masters in which Arnold has played, said the Latrobe, Pa., pro is not a demanding or unreasonably difficult boss.

ASKS ADVICE

"Anybody who can't get along with Mr. Arnold can't get along with anybody," added High Man, who wore the "No. 13" on his green and white overalls.

"I should know. I been almost in his pocket on every hole."

High Man said Palmer frequently asks his advice on what club to use but usually winds up making the final decision himself.

"Sometimes he go with my advice—and it better be right," the caddy said. "If I misclub him, he don't chastise me. He just look a little mean, and I feel like going through the ground. But he is a great man."

MIRACLE CAME

High Man said he suggested the wrong club to Palmer Sunday on the fourth day of the tournament and caused Arnold to take a double-bogey 6 which almost cost him the championship.

"After that hole, Mr. Arnold look at me and say, 'Well, High Man, we lost the tournament there.'"

"I say: 'We ain't lost nothing. Mr. Arnold, we got eight more holes to play.' He don't say nothing. He just look up in the sky like he is wishing for some miracle to come down."

"And the miracle come down—like somebody was answering him."

CONDITION OF INJURED BOXER STILL CRITICAL

BLUEFIELD, W.Va. (AP)—Tunney Hunsaker, a veteran heavyweight, remained in critical condition today while steps were taken to:

(1) Investigate circumstances surrounding the fight in which he suffered a severe brain injury, and

(2) Launch a fund-raising drive to meet the fighter's mounting medical and hospital costs.

Gov. W. W. Barron announced Monday that he would ask the State Athletic Commission to give him a report on the fight. Barron said he was particularly interested in the kind of physical examinations given fighters in West Virginia.

George McLaughlin, a Beckley sports writer, was named chairman of a committee to solicit funds in Hunsaker's behalf. McLaughlin said donations would be sought from throughout the state. He said an amateur boxing card would be held in Beckley later this month with the proceeds to go to Hunsaker.

IN OXYGEN TENT

The 32-year-old fighter remained in an oxygen tent following two brain operations. Dr. E. L. Gage reported that there was little change in his condition.

Hunsaker was knocked out in the 10th round of a fight with Joe Shelton of Cleveland at nearby Beckley last Friday night. He collapsed while being helped to his corner and was rushed to the hospital here.

In Cleveland, Shelton said he was "real sorry it happened this way." He sent Hunsaker a message expressing his hopes for the West Virginian's recovery.

Sports Activity Again Rained Out

Rain again on Monday brought wholesale postponements in the county sports schedule.

Gettysburg High School and Boiling Springs rescheduled their baseball game for Wednesday afternoon on the Bubblers' diamond. The Warriors will meet Biglerville here Thursday afternoon in the opening South Penn League game.

The Waynesboro - Biglerville baseball game was rescheduled for this afternoon at Biglerville. Kennard-Dale and Littlestown have set April 16 for the make-up date for their game at Littlestown.

No dates have been announced for the Gettysburg-F. and M. tennis match rained out at Lancaster and the Mt. St. Mary's-Western Maryland baseball game and tennis clash at Westminster.

PIPER'S SNARE LEAGUE TITLE FROM STEERS

KANSAS CITY (AP) — The Cleveland Pipers, storm center of the new American Basketball League much of the season, completed a hectic campaign Monday night by beating the Kansas City Steers 106-102 for the loop championship.

The Pipers, who faced a threat of being kicked out of the league for alleged noncompliance of ABL rules at midseason, got the job done by winning three straight in the best-of-five playoffs after losing the first two games.

It was a fine comeback for Coach Bill Sharman of the Pipers, too. Sharman created considerable controversy when he jumped the Boston Celtics of the National Basketball Association to become player-coach of ABL's Los Angeles entry. He got the coaching job at Cleveland when Los Angeles folded at the close of the first half and Piper management fired Johnny McClelland.

The Pipers, Eastern Division champions, failed to show up for the scheduled fifth game Sunday because of a squabble over the playing site. They really came to play Monday night.

The Steers, who had the leading scorer in Bill Bridges with 31 points, stayed in the game well into the second half. They led 76-72 in the third period when Barnett, Dierking and Bob Keller found the range to pull the Pipers in front to stay.

Moose Roll Events In PSMA Tourney

2 BOXERS ARE PAID \$44,670

BROOKLINE, Mass. (AP) — Paul Pender, who regained the title, and England's Terry Downes each earned \$44,670 from their middleweight championship fight.

The monetary benefits from the bout for the title recognized in Europe, Massachusetts and New York were revealed today as Pender sought rest and Downes considered visiting relatives in Baltimore.

Pender recaptured the crown he lost to Downes in London last summer via a unanimous 15-round decision Saturday night.

Pender, 31, is anxious to arrange the title-clearing match with National Boxing Association middleweight king Gene Fullmer for June.

"I'm going to take it easy for a month," Pender repeated from seclusion. "I'm hopeful we can sign this fight with Fullmer as soon as possible."

"I don't care where it is held. I'll fight where the money is the best. But I want to have the fight in June."

HAWKS, LEAFS CONFIDENT IN CUP PLAYOFFS

By JOE MOOSHIL

Associated Press Sports Writer

TORONTO (AP)—The Chicago Black Hawks and the Toronto Maple Leafs, a pair of talented, poised and confident hockey teams, square off tonight in the opener of a best-of-seven series for the Stanley Cup Championship.

Fresh from scoring four straight triumphs over the National Hockey League champion Montreal Canadiens, the Black Hawks feel they have all the credentials necessary to retain the coveted cup, which they captured against Detroit last year.

Toronto, finishing second in the regular race—one notch above the Hawks—is ready to claim its first cup since 1951.

The Hawks are a bit peeved over what they feel is a lack of credit for their accomplishments, namely, winning the cup last year and coming from behind to oust Montreal this year.

"Nobody is willing to admit that we have a great hockey team," says Coach Rudy Pilon.

"So we'll just have to go out and show them," he continued.

The Maple Leafs are just as confident as the Hawks. Coach Punch Imlach pointed to the season record between the two teams in which the Hawks won one, lost four and tied two in Toronto while the Leafs won three, lost two and tied two in Chicago.

"They'll dictate the kind of game we'll play," said Imlach. "We're not a hitting club but if they want it that way, we'll accommodate them."

Toronto is a slight favorite only because if the series goes seven games, four will be played in Maple Leaf Gardens. After tonight, the two teams play in Toronto Thursday and the scene shifts to Chicago for games Sunday and next Tuesday. Necessary additional games will be played in Toronto April 19, Chicago April 22 and Toronto April 24.

Winners in the shoot held Sunday by the Littleton Archers included the following:

Men's freestyle: XAA — John Brown, 459; XA—Larry Eisenberger, 396; John Olewiler, 384; XB—Herman Spitz, 347; Robert Gladhill, 310. Bowman—Charles Doll Jr., 321. Archer—Eugene Bankert, 156.

Men's instinctive: XAA—none; XA—Raymond Rickell, 389; Dan Shank Jr., 370. XB — Kenneth Crouse, 322; Sterling Myers, 279; Dave Smith, 278. Bowman—Fred Hughes Jr., 261; Kenneth Schultz, 236. Archer—Edward Houser, 187; Walter Raver, 186.

Women's freestyle: XAA—none. Bowman—Ada Grenoble, 189.

Women's instinctive: XB—Estella Shank, 143. Bowman—Marie Hankey, 110. Archer — Nancy Raver, 14.

Junior boys over 12 years—Harry Hoke, 243; Richard Harner, 97; under 12—Robin Yngling, 37.

PRESIDENTIAL OPENER GOES TO NATS, 4-1

By MIKE RATHET

President Kennedy has thrown his last pitch of the season, and Whitey Ford is set to fire his first today as the world champion New York Yankees start their campaign for a third consecutive American League pennant.

The President officially opened the baseball season Monday, throwing out the first ball amid the traditional pomp and circumstance in the national capital, then staying to watch Washington throw Detroit 4-1 behind Bennie Daniels' five-hitter.

The two teams take the day off today while the remainder of the league raises the curtain with Baltimore at New York, Cleveland at Boston, Los Angeles at Chicago and Minnesota at Kansas City.

Daniels went the distance in his opening-day assignment before the crowd of 44,383 that jammed the Senators' new \$20-million District of Columbia Stadium.

Daniels struck out seven and walked only two while driving in one of the Senators' runs. The Tigers scored when Al Kaline hit into a force play following singles by Jake Wood and Bill Bruton. Bob Johnson led a 13-hit attack with a two-run homer in the fourth inning off Don Mossi that put the Senators ahead for good, plus two singles.

Ford, the little southpaw who won the Cy Young Award as the outstanding pitcher in the majors last season after compiling a 25-4 record, will be backed by the powerful Yankee attack that numbers Roger Maris and Mickey Mantle among its home run hitters.

Shortstop Tom Tresh, filling the post vacated when Tony Kubek went into the Army, is the lone new face in the starting lineup.

SENATE FACES HUGE REQUEST FOR MILITARY

By EDWIN B. HAAKINSON
WASHINGTON (AP)—The Senate took up Monday a \$13-billion appropriation for military hardware—but the opening of the baseball season may get in the way.

There isn't likely to be too much action in the House, either, as the Washington Senators play the Detroit Tigers in the new D.C. Stadium after President Kennedy throws out the first ball.

The \$12,969,300,000 authorization for aircraft, missiles and ships to be taken up by the Senate won unanimous approval from its Armed Services Committee and the House.

Included is \$491 million to push development of the high-flying RS70 aircraft. This is \$320 million more than Kennedy or Secretary of Defense Robert S. McNamara asked for or plan to spend on the reconnaissance strike plane.

DROP 5% MILLION
Although the defense authorization bill included all the unasked RS70 funds voted by the House, it dropped some \$96 million of other above-budget items approved there.

These included more than \$55 million to buy additional aircraft for the Army, \$31 million extra for Army missiles and \$10 million additional to provide more Minuteman missiles for the Air Force.

The Armed Services Committee Chairman Richard B. Russell, D-Ga., was ready to explain the defense authorization measure as the Senate met at noon. No major opposition was forecast but Senate Democratic Leader Mike Mansfield of Montana said passage was possible only if no roll-call votes were asked.

VOTE UNLIKELY
The absence of senators who are baseball fans would make a completed rollcall vote unlikely.

House leaders said frankly no business was planned in their chamber because of the ball game. The only major bill listed for House action this week was the appropriation bill providing operating funds for Congress and its related agencies in the fiscal year beginning July 1.

The Senate Foreign Relations Committee will hear witnesses all week on the administration's \$4.9-billion foreign aid request for fiscal 1963.

House committees continue work this week on the foreign relations bill and the administration's trade program.

Since 1900, the New York-San Francisco Giants have a 698-646 edge over the Brooklyn-Los Angeles Dodgers.

To Study State Safety Program

HARRISBURG (AP)—Pennsylvania's highway safety program will be the subject of a congressional study here in June, it was announced over the weekend.

The office of Gov. Lawrence said Pennsylvania will cooperate fully in the study to be made by the U.S. House Health and Safety Subcommittee.

Rep. Kenneth A. Roberts, D-Ala., chairman of the subcommittee, wrote Lawrence that his group wants "to study the very fine progress being made in Pennsylvania in promoting highway safety."

He said the subcommittee is especially interested in hearing about Pennsylvania's program for periodic physical re-examination of drivers.

2 MEN BREAK BERLIN WALL

BERLIN (AP)—Two East Berlin building workers rammed their way through the Red wall in a heavy truck Monday and escaped to the West in a hail of bullets, the West Berlin government reported.

The escape was made at Boyenstrasse, in the French sector. Neither man was injured.

The two men drove the heavy truck full tilt at the wire barrier, broke through and then slammed the dump truck into the wall itself.

The truck smashed down about 15 feet of the wall and came to a stop. The two men jumped out and ran desperately across an open, bombed space to a house about 50 yards on the west side of the border.

While they were trying to open the door of the house to get cover, East German border guards opened fire with submachine guns.

Neither man was hit before they got into the house.

The East Germans towed the truck away and posted armed guards at the gap in the wall.

A Lovelier You

By MARY SUE MILLER
THE SHAPE YOU'RE IN. In fashions, the shape's the thing—an idealized feminine shape. The

main emphasis is on the waistline. It is there, even when not belted. Pull or not, skirts begin with a trim hip. Detailing marks a high, rounded bosomline.

To carry off this shaping, a woman's figure has to conform closely to it. Discrepancies show, as many of us girls are discovering. And for those of us who are not in the best of shape the quickest remedy is new corsetry.

The current crop of foundations is designed to mold the figure in fashion's mold, line for line. Long-legged pantie corselets are constructed to nip the waist, contour the bosom, and smooth the thigh and hip. All in one, unbroken line!

Pantie girdles, longer than ever, are engineered three ways—to flatten the back, to round it, or to give a low-slung line under hip-slung pants and skirts.

Bras provide natural curves via soft rather than contour cups. Molded and bias-cut bras also conform to fashion trends. In both bandeau and long-lines, feather-light materials and stretch features insure maximum comfort.

All foundations these days aim at control with ease. The key to it is spandex, the miracle fiber that combines power-puff weight and whittling power. In some areas, spandex solves problems of fit, too. For example, the new sheerer-than-sheer Lycra, used in the cups of bras, contracts or expands so as to exactly fit the hard-to-fit.

One more point about foundations: They are so colorful and pretty, they flatter the feminine ego along with the feminine figure.

James MARLOW Reports

The Associated Press

WASHINGTON (AP)—The huge vote of confidence the French gave their president should make an Algerian solution easier and Charles de Gaulle more difficult.

He got triple approval for what he has done and may want to do in handling Algeria, France and the French allies. He has been a frequent pain to the Allies. Now he'll be a bigger one.

Yet, if France fell under the control of anti-democratic government of the left or right it would be a disaster for the Western military alliance in Europe.

De Gaulle, 71, took over the presidency four years ago at a time of chaos and is probably the only Frenchman who could have produced an Algerian solution without civil war.

MANY GOVERNMENTS
Under the old French constitution the parties, through their parliamentary seats, ran the government. They ran it into the ground, wrecking one government after another.

Between the end of the war and the time De Gaulle took over in 1958, France had had a score of governments. When he came in, De Gaulle got the French people to approve a new constitution giving the executive, him, far more power.

Under this constitution, in a major case like Algeria, he can

bypass Parliament and go directly to the people for approval in a national referendum. This is what he did Sunday.

He asked the people to vote yes or no on the question of approval for his plan for peace and independence in Algeria where the Moslems outnumber the Europeans, mostly French, nine to one.

WANTED PEACE
That the French people wanted peace, there was no doubt. The financial cost of the war on them was \$2 million a day to support a 500,000-man force in Algeria.

There was no room on the ballot for them to vote anything but yes or no. This provided De Gaulle with an excellent chance for asking approval on more than just Algeria.

In a radio-television talk to the nation last Friday night, he made it plain he wanted the voting to be approval of him and his policies, which meant policies still to come and not yet explained. He got it.

One of this promised policies is to modernize the French army before the end of the year, with atomic weapons. He promised this Friday night. It was his answer to those who hoped he might be willing to merge French forces with his neighbors in a truly West European defense.

SEVERE PROBLEM
This is part of his general reluctance to yield any French sovereignty, either in a military way or even in trade. To do so, he suggested, would make France a "backseat" nation.

The Allies might have guessed how painful he was going to be from the moment he took office four years ago, for he said at that time: "I am a man who belongs to nobody and belongs to everybody."

The problem the Allies face with him now is to try to give him a stronger feeling of belonging with them and less with himself and France.

It was never easy before. It will be even tougher now.

Man Drowns When Tractor Overturns

PENNS GROVE, N. J. (AP)—George Funderbunk, 50, of Penns Grove, drowned Sunday in a flooded meadow near the Delaware River when a tractor he was driving overturned and pinned him underneath.

The victim was surveying damage caused by the March 6-7 storm and resulting floods.

A companion, Earl Panceast, 42, of Hancock Bridge, was thrown clear of the tractor and unhurt.

To Dismiss Blue Law Violations

PHILADELPHIA (AP)—Chief Magistrate Joseph Hersch says he is instructing the city's magistrates to dismiss charges against 122 persons cited for violating the Blue Laws the past Sunday.

The 122 were cited by police in the city's first full-scale enforcement of the Blue Law Act of 1959. They were slated for hearings to-day.

Hersch said Monday police erred in issuing warrants for the alleged violators. He said they should have received summonses, as prescribed by law for cases involving a fine of less than \$200.

The 1959 act, under which the alleged violators were cited, calls for a penalty of up to \$100 for the first offense and up to \$200 for each subsequent offense.

Hersch said warrants in such cases can be issued only after a person fails to answer a summons.

"Any lawyer who asks for discharge of his client because of warrants being issued would be within his rights. And they should be discharged," Hersch said.

He added that Police Commissioner Albert Brown, in planning the enforcement, did not consult him or the 27 other magistrates.

ASK COURT TO CHANGE MIND

HARRISBURG (AP)—The State Justice Department has entered a plea with the U.S. Supreme Court for a review of the court's decision holding a county airport responsible for the taking of navigation rights over neighboring homes.

Atty. Gen. David Stahl said a department brief was filed with the court Saturday on behalf of the Pennsylvania Aeronautic Commission, which supports the Allegheny County request for a rehearing of the issue.

The high court recently ruled a county was liable for the noise and inconvenience caused property owners by the landing and taking off of airplanes.

OVERRULED DECISION
In doing so, the court overruled a decision of the Pennsylvania Supreme Court which held the county was not responsible.

The county contends it is not liable since it neither owns the airplanes nor regulates their flights.

The department brief contends the decision would "seriously unsettle some aspects of Pennsylvania law which holds that federal aviation regulations supersede the state's civil air regulations."

It also claims the decision would impose heavy financial burdens upon public airports which are essential to the state's commercial well-being.

ADVERTISE IN THE TIMES

looked up, and a smile of recognition lighted her face.

Engineer Bill was standing there, offering her one of the trainman's caps he uses on the children's television show he has in Los Angeles.

"I had to put the cap under the oxygen tent so she could touch it," said Engineer Bill Stulla. "She said 'Thank you,' and smiled."

Stulla had hoped to have Julie on his show. But last Monday she had to go to San Pedro Community Hospital.

CANCEROUS TUMOR
Stulla went there Sunday night and found Julie "the prettiest little blonde thing you ever saw."

He stayed until she fell asleep. Julie's doctor explained that when she was 2 she fell down and began to hemorrhage. They found she had a cancerous tumor on her kidney.

Both cancer and kidney were removed then, but eight months later the cancer had spread to her lungs.

"Now the end is not far off," said the doctor. "Julie had 150 X-ray and cobalt treatments and we had 'air success' for more than a year. Now it appears incurable."

"BRAVER PERSON"
Did Julie complain? "If she has a coughing attack and cries, she always apologizes," the doctor said. "She was very active, full of fun, as beautiful a little girl as we've seen."

Julie's parents, Irwin and Pat Maland, have three other daughters.

Julie doesn't really know what's happening in her world of needles, doctors, nurses. But the doctors do. One said, "I'll walk a straighter path and be a better man because I met a person braver than I."

SOPHIA LOREN IS CHOSEN AS BEST ACTRESS

By JAMES BACON
AP Movie-Television Writer

HOLLYWOOD (AP) — Sexy Sophia Loren, stern-faced Maximilian Schell and splashy "West Side Story" go into the records as top winners of the 34th annual Academy Awards. But a sensational bit of gate-crashing stole the show.

Italy's Miss Loren is best actress. Vienna's Schell is best actor. Hollywood's "West Side Story" is best picture, winner of a near-record 10 Oscars. New York's Stan Berman retains his title as "world champion gate crasher."

Berman, 35, a cabbie who has made a career out of penetrating the impenetrable, stalked onto the stage in midtelecast at Santa Monica Civic Auditorium, presented astonished emcee Bob Hope with an ersatz Oscar, and stalked off—leaving the film-famous and a nation of onlookers flabbergasted.

WINS IN ABSENTIA

The handsome Schell won for his role as the defender of Nazi war criminals in "Judgment at Nuremberg"—reaching the top despite the handicap of starting in the shadow of his famous sister, actress Maria Schell.

The voluptuous brunette Miss Loren won her Oscar in absentia for playing the earthy war refugee in the Italian production,

ASKS SHORTER "OSCAR" SHOW ON TELEVISION

NEW YORK (AP)—Hollywood's annual big moment—its Motion Picture Academy Awards show—meandered along for more than two hours Monday night and into this morning on ABC before the television audience finally learned the names of its best picture, best actor, best actress and best supporting players.

There were many other awards of Oscar statuettes, too, of mild interest to the television audience. But those were the five that kept the yawning public up through endless "I want to express my gratitude to—" speeches. But if you like to look at stars, there were a lot of them to see, and Bob Hope managed to keep things moving as a bright master of ceremonies to the bitter end.

WANTS SHORTER SHOW

"West Side Story" picked up so many awards that it almost became monotonous. I wouldn't miss watching this annual show, but each year I wonder why Hollywood can't manage to honor itself with a shorter, more interesting program—and also why a great industry like motion pictures must have its big event of the year sponsored, this year by a manufacturer of home permanent waves and a tooth paste.

Eddie Adams' half-hour musical special that preceded it on ABC was a bright and sparkling little program. This viewer even wished it could go on longer, a reaction rare in these days of hour-long specials which often seem padded to fill the time.

Miss Adams sang well and in a wide range of moods. Dick Shawn was amusing in a comedy bit and Andre Previn played the piano brilliantly. It was very nice, and one hopes she'll do this sort of thing often.

GLENN FILM

The special film of John H. Glenn Jr.'s flight, first on CBS and then—in color—on NBC, was most interesting, particularly the pictures of the astronaut taken during the historic flight in space and during the re-entry of the capsule into the earth's atmosphere.

The viewer felt Glenn's jubilation and relief when he reported, three times, that the parachute was working well. It was a fascinating hour, and even more interesting for the lucky ones who could see it in color. Color photographs of the earth far below the space ship were awe-inspiring.

Say Milk Control Group Incompetent

OIL CITY, Pa. (AP)—The Pennsylvania Milk Control Commission as presently constituted is not doing a competent job says J. Col. The Republican nomination for the republican nomination for governor.

McSparran, speaking at a fund-raising meeting in nearby Seneca Monday night, said the commission can play a vital role in the state if properly staffed.

He compared the commission to an automobile.

"If you don't have a good driver behind the wheel you are in trouble," McSparran a Lancaster County dairy farmer said. "A car without a driver is a menace."

"The dairy industry in Pennsylvania is big business and it would be greatly harmed if the commission is abolished."

McSparran also criticized the Pennsylvania School Reorganization Act of 1961.

"Nearly every school director and administrator across the state is criticizing this school reorganization law," McSparran said.

"They know and I know that the law is unnecessary because we have already done a fine job on school reorganization."

Gottlieb has confirmed receiving an offer of \$850,000 from a San Francisco group. He said Monday of this offer that "nothing is imminent on a decision and won't be for two or three weeks."

SEEK RELEASE OF PRISONERS HELD IN CUBA

By LEWIS GULICK
WASHINGTON (AP) — Reports from Cuba indicated today that the Castro regime has 50,000 political prisoners crowded into Cuban jails.

This was one of the considerations listed by U.S. officials in discussions by Washington authorities from President Kennedy down on Prime Minister Fidel Castro's offer to free the 1,179 Cuban invasion captives for \$62 million.

The invaders who unsuccessfully attempted to topple Castro a year ago were Cuban refugees who had considerable U.S. support short of direct combat participation.

It was pointed out to newsmen here that the fate of other prisoners, who also contested Castro and in some cases may have suffered more than the invaders, should be considered too. It has been estimated that Castro jailed 200,000 persons in the wake of the invasion.

NO NEW POLICY

American officials said the Washington discussions have not

resulted in the setting of any hard and fast U.S. policy on the invasion prisoners. Two general conclusions did emerge.

1. The U.S. government condemns as barbaric Castro's ransom offer and does not want to get into any deal with him involving a swap of money for human lives.

2. For humanitarian reasons, the U.S. government has no objection to voluntary actions by persons seeking on their own release of some or all of the captives.

The government has interposed no barrier to the proposed trip to Havana today by a delegation representing a committee of relatives of the invasion prisoners. The group hopes to negotiate with Castro.

HAS \$26 MILLION

In preliminary checking, American authorities also have uncovered no legal impediment to sending money to Cuba, even though from a foreign policy standpoint Washington wants to cut down on Castro's foreign exchange. Cuban refugees currently are able to send money to the folks back home.

Four representatives of the Cuban Families Committee were to fly from Miami to Havana today, although they have no assurance that they will be able to meet with Castro. Three of the four made a similar trip last August. They were unable to see Castro

HEART DISEASE OUTLOOK GOOD

PHILADELPHIA (AP) — The outlook for persons with heart disease has improved enormously in the last 20 years but the problem of alcoholism is increasing, doctors affiliated with the American College of Physicians report.

Dr. Irvine H. Page of Cleveland, former president of the American Heart Association, elaborating on heart disease, said hypertension and heart attacks "need not remove a man from productive employment."

"If their work capacity is rationally assessed," he said, "they can usually work with great effectiveness and far less absenteeism than average."

Dr. William C. Menninger, of Topeka, Kan., a neuropsychiatrist and president of the Menninger Foundation, reported that the problem of alcoholism is increasing.

MORE LEISURE

Menninger said leisure activity is "more of a problem unless we know how to handle it constructively."

The committee has said it has \$26 million in cash and pledges with which to begin negotiations for freedom of the prisoners.

tively."

He said "all of us are subject to human frailties" and "if tension increases most of us feel the pressure of work and business."

"Productivity depends on the personality plus the environment," said Menninger.

Page and Menninger were among speakers Monday at a conference on "health and productivity" sponsored by the College of Physicians and the Chamber of Commerce of Greater Philadelphia. More than 500 business and industrial leaders attended.

SAY U. S. CAN'T GIVE SUPPORT TO UNECONOMIC ENTERPRISES

By CONRAD FINK
HAKONE, Japan (AP)—American delegates to the Japan-U.S. governors conference said today government cannot support uneconomic enterprises.

"We can't get away from the fundamental law of survival of the fittest," Gov. Archie Gubbrud of South Dakota told the 16 Japanese prefectural (state) governors and six other U.S. governors meeting in this fog-shrouded mountain resort.

Gubbrud had told newsmen he thinks the American farmer would be better off if there were no government farm programs.

ABSORB FARMERS
"Fewer people can be properly engaged in agriculture each year," he told the conference. "The rest of America's economy must absorb displaced farmers."

Gov. Farris Bryant of Florida also cautioned that governments "want to be careful that we do not subsidize uneconomical activities."

Gov. David L. Lawrence of Pennsylvania advised the Japanese to be more aggressive in seeking financial help from the central government. Lawrence said his long experience in government indicates "whether or not you have aggressive state leadership will have a great bearing on the results you will get."

Gov. W. W. Barron of West Virginia was asked what his state is doing to combat juvenile delinquency. He said studies indicate juvenile delinquency is largely a result of poor education and unemployment.

LEARN SKILLS
"We are now moving rapidly in the field of education to find ways of keeping young people in school," he said.

"We are seriously thinking of compelling those over 16—if they do wish to drop out of school—to

Two Men Killed In Navy Plane

JACKSONVILLE BEACH, Fla. (AP)—A Navy T28 training plane from the Sanford Naval Air Station crashed in the Atlantic Ocean south of here Monday, killing two men, one from Pennsylvania.

The Pennsylvania man was identified as Lt. J.G. Robert Yates of Catasauqua, stationed at Sanford.

Identification of the other man was withheld.

Authorities said the plane had gone to an Air Force base in Georgia to pick up another member of the Sanford unit and was returning when the crash occurred. Splintered by the impact, the single-engine plane came to rest in several feet of water, less than 30 feet from shore.

Woman Injured In Six-Vehicle Crash

PHILADELPHIA (AP)—A Lancaster woman was injured in a sequence of collisions involving six cars on the Schuylkill Expressway west of City Line Avenue. Authorities blamed a loose auto hood for starting the sequence Monday.

The injured woman, Mrs. Louise Pitt, 56, was treated at Lancaster Hospital for a laceration of the left knee, contusion of the head and a sprained right ankle. She later was released. She was a passenger in a car driven by Mary Louise Pitt, 32, also of Lancaster.

Police said the chain reaction started when Edward Spina, 55, of Conshohocken, driving in the inside lane of the expressway, halted his car to close the hood, which had flown up.

go to vocational school and learn a skill."

Meanwhile, Gov. Elbert Carvel of Delaware left the conference's working session to take a plane back to the United States tonight because urgent matters are pending before his legislature. He said he had found talks with Japanese officials enlightening and that he returns home with new ideas on administration.

The other American governors begin a tour of cities in six pre-lectures Wednesday.

A/C Charles H. Kiser, son of Mr. and Mrs. Henry E. Kiser, New Oxford R. 1, has been assigned to Altus AFB, Okla., for training as an air policeman. He recently completed United States Air Force basic military training in Texas. He is a graduate of Delone Catholic High School, McSherrystown.

Poodle's Efforts Save 5 People

JOHNSTOWN, Pa. (AP)—Five people can thank a pet poodle for their lives today following a fire at the Roosevelt Hotel in nearby Gallitzin.

But the dog, a pet of the Charles Ragucci family, died in the fire.

The dog roused Ragucci, owner of the three-story frame hotel, early Monday. Ragucci got his wife and baby and two women guests out of the hotel safely.

James Erculiani, assistant Gallitzin fire chief, said the blaze was caused by defective wiring. The hotel was wrecked but amount of damages was not determined immediately.

BUILD SHELTER; WIN ONE FREE

WEST CHESTER, Pa. (AP)—The Edward Trosts worked evenings, weekends and through vacations to build a fallout shelter in their back yard.

They dug a huge pit, mixed mortar and placed concrete blocks. Then, the job done, they visited some other shelters on display at a downtown store.

Glenn Ranked With Columbus And Magellan

By VERN HAUGLAND

WASHINGTON (AP)—Astronaut John H. Glenn Jr. doesn't believe the "fireflies" he saw during his orbital flight were flecks of paint from his space capsule.

This theory was put forward last week by some officials of the National Aeronautics and Space Administration.

But Glenn disagreed Monday night and said "We will have to wait more information on the next flight."

Glenn addressed an audience of 6,000 at the National Guard armory where America's space Columbus received the Hubbard Medal—an emblem won by only a score of the century's foremost explorers.

RANKED WITH COLUMBUS

Glenn's citation reads: "For extraordinary contributions to scientific knowledge of the world and beyond as a pioneer in exploring the ocean of space."

Dr. Melville Bell Grosvenor, president and editor of the National Geographic Society, ranked Glenn's achievement "with those of the great explorers who have gone before him—Columbus, Magellan."

Vice President Lyndon B. Johnson presented the medal—named for Gardiner Greene Hubbard, first president of the National Geographic Society. It has been awarded to only 20 other men since it was struck in 1906.

The first winner was Adm. Robert E. Peary, discoverer of the North Pole. Others were Adm. Richard E. Byrd, Charles Lindbergh and Sir Edmund Hillary, conqueror of Mt. Everest.

SHOWED FILM

Glenn gave an account of his flight and showed the official color film of the "Friendship 7's" voyage.

He also brought up the theory

they filled out a card entitling them to a chance on a free shelter.

Yup. They won.

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

If you are among the 14 out of every 1,000 people who suffer from peptic ulcer, it may be a sign you are too conscientious. The ailment strikes often among worried persons who have a high sense of duty.

Americans are the most calorie-minded folks on earth, but we each still consume an average of 90 pounds of sugar a year.

Glenn said that after watching the particles glowing in the sunrise for about four minutes on each of his first two orbits while riding backward, he turned the capsule around on the third orbit.

This time, he said, there were only about 10 per cent as many particles, but they still were numerous and some seemed to be coming toward him from a considerable distance.

Rec Association Has New President

NEW CASTLE, Pa. (AP)—John Zerbe of Harrisburg is the new president of the Pennsylvania Recreational Parks society.

Zerbe was elected Monday at the opening session of the society's three-day meeting here.

The other officers elected were: Warren Pfost, Monroeville, recreation director, vice president; Joseph Cardenuto, extension recreation specialist at Pennsylvania State University, secretary, and Rodney Mott, of International House, Philadelphia, treasurer.

About 100 delegates heard Dr. Maurice Goddard, state secretary of forests and waters, review the \$70 million proposal to develop the state's natural recreation facilities.

Goddard, speaking at a luncheon, said the 10-year project will be presented to the 1963 General Assembly. It includes spending \$40 million for regional parks and recreation and \$20 million to aid local communities in developing recreation facilities.

REAL BIG WORRY

If you don't have enough personal troubles to worry about, here is something you can brood over: Scientists believe that gravity, the force that holds the world together, is gradually getting weaker.

Pregnant women aren't merely being temperamental when they complain of being tired. To care for their unborn baby's needs, their heart pumps a third more blood than before.

The three things people fib about most are: Their age; the number of times they go to church, and how often they brush their teeth.

SPREADS HAPPINESS

Unusual philanthropist: Art K. Moss makes a habit of dropping a coin in the street every day. His explanation: "Whoever finds it will be happy all day long."

Mississippi was the first state to abolish imprisonment for debt. The revolution against monarchy was so widespread after the American Revolution that playing card manufacturers here banned the four kings from their decks and replaced them with portraits of George Washington.

Singer Chuck Clark sent us an old U.S. Indian prayer that holds a timeless tolerance: "Great Spirit, help me never to judge another man until I have walked two weeks in his moccasins."

Science has found a new use for wild deer. Their antlers serve as effective fallout barometers to show the presence of poisonous strontium 90.

ROGERS' ADVICE

The U.S. postal service plans to turn the man in the moon into a mailman. It hopes to deliver letters three thousand miles away in a matter of hours by bouncing them off the moon via microwave transmission.

Today more than 36 per cent of all U.S. women over 35 have jobs outside the home.

Because of higher taxes and that notorious pickpocket, inflation, you have to earn well over \$12,000 a year now to have the same purchasing power a \$5,000 salary gave you in 1939.

It was Will Rogers who advised,

REDS HELPING LAOTIAN FIGHT

By ANTOINE YARED

VIENTIANE, Laos (AP)—The Soviet Union is still matching military aid the United States gives the conservative government of Laos by pouring in supplies to the divided kingdom's pro-Communist and neutralist forces.

This reporter last week visited the headquarters in the Plaine des Jarres of neutralist Prince Souvanna Phouma and his half-brother, Prince Souphanouvong, the leader of the pro-Communist Pathet Lao.

During a four-hour period at the area's main airstrip, six Soviet two-engine transports landed.

At least 48 cases of small arms and ammunition were unloaded from each of four planes. The other two discharged bags of sugar.

REGULAR SUPPLIES

A Laotian standing nearby said the planes had flown in from Hanoi, capital of Communist North Viet Nam. He said nine planes of that type regularly brought in supplies from Hanoi.

Two single-engine transport planes were loaded with supplies for pro-Communist and neutralist front-line troops. They took off, returned half an hour later and loaded again. Each plane made three sorties.

A double-decker helicopter with a Soviet pilot at the controls discharged cargo ranging from food to petrol barrels and arms. It shuttled back and forth several times to a nearby area.

At least 50 Russians moved about the area supervising operations.

Coast Governors Make Date Change

TRENTON, N.J. (AP) — The date has been changed to April 18 for the Atlantic Coast governor's conference on beach protection.

The meeting was originally scheduled for Wednesday in Atlantic City but Gov. Richard J. Hughes announced the change Monday. He said several governors informed him they would not be able to attend the conference if it were held Wednesday.

Hughes proposed the meeting in the aftermath of the March 6-7 storm that damaged the northeast Atlantic Coast. The New Jersey governor said he hopes long-range plans can be worked out for protection of the coast.

and here's why more and more people are installing GAS AIR CONDITIONING

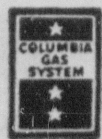

People discover complete Gas air conditioning—and they want it. They're usually surprised to find it costs less than they imagined to install and to operate, too.

Gas provides year-round, total comfort using one thermostat, one central heating and cooling system. In the summer, you sleep better, cook and bake in a cool kitchen, enjoy your home more than ever. Then in winter, with the flick of a dial, your home is kept warm and snug with fresh air, Gas heat. And both from the same

Gas heating-cooling system. Why settle for less?

Discover Gas air conditioning for yourself. The installation costs of a central Gas heating-cooling system in a new home can be financed with the mortgage for a very modest increase in payments. Are you planning to remodel? Consider having a Gas add-on air conditioning unit installed in your present Gas forced air heating system. You can probably use the existing heating ductwork to get added installation economies.

If you are planning to build or buy a new home, or to remodel your present home, find out about Gas air conditioning. You'll want it! Call your Gas Company for free survey and estimate.

In Memoriam D
BAKER: In memory of my dear sister, Abbie Baker, who passed away 12 years ago today, April 10, 1950.
The world may change from year to year
And friends from day to day,
But never will the one I loved
From memory pass away.
Sadly missed by her sister,

Easter Shoppers In State Spending Money At Huge Rate; Gives Retail Lift

PHILADELPHIA (AP) — Pennsylvania appears to be running up a whopping Easter shopping bill.

A survey shows that good weather, a late Easter and economic improvement generally in some regions have given a lift to retail business.

The least rosy reports come from the Pittsburgh area, which in recent weeks has had some disagreeable weather, hurting trade in department stores and specialty shops.

A spokesman for one Pittsburgh store said business is off compared with last year—"not dramatically, just not quite as good." Unlike other merchants, this one believes Easter's lateness has had a slowing effect on buying. But since the shopping may be only delayed he feels the total figures for March and April may match those of a year ago. Another Pittsburgh merchant called business satisfactory.

AKIN TO ELATION

At the other end of the state Philadelphia merchants expressed akin to elation.

The Federal Reserve Bank reported department store sales in Philadelphia for the last week in March were eight per cent higher than those for the corresponding week in 1961, which was only a week before Easter.

A bank spokesman commented, "With Easter still three weeks away from that report, it is a very good sign that business is improving and increasing."

For the entire Federal Reserve

District, which takes in besides Philadelphia the Pennsylvania cities of Lancaster, Scranton and Wilkes-Barre, Trenton, N.J., and Wilmington, Del., department store sales were reported up five per cent over last year.

Officials of Philadelphia's department stores, which run suburban shopping centers as well, agreed the mild, clear weather of late March helped the upswing.

"Business is very satisfactory this year," was the way one big store put it. "We are entering the peak Easter period and expect even better business. Everything is going well."

ARE OPTIMISTIC

From another major store: "We are optimistic that by the end of April we will have a better quarter than we did last year—and that one was a record. Weather is an important factor, and if this fairly warm weather continues it will add to the favorable picture."

A company which runs 10 stores in the Philadelphia area said business is about the same as a year ago, no complaints.

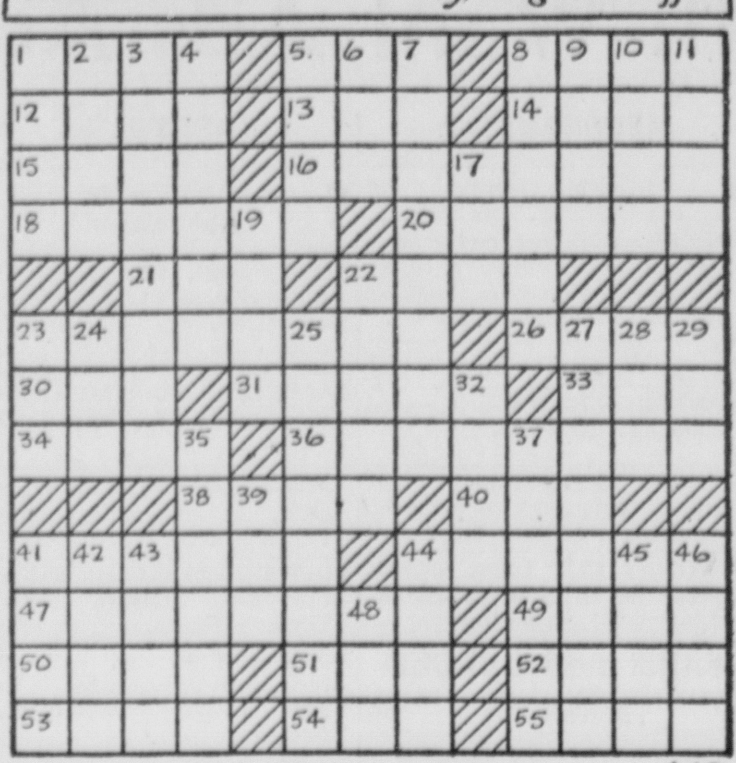

The Harrisburg Chamber of Commerce supplied this summing up for the capital area:

"Easter retail business is very good, averaging five to 10 per cent better than a year ago, even adjusted to the earlier date of Easter in 1961. Again, good weather was given much of the credit, along with the lateness of Easter and 'an improved economic climate.'"

seller everywhere is women's clothing—coats, suits, dresses, sportswear, millinery.

Nothing spectacular in the way of style or color preferences was noted. If there is a special enthusiasm it's what one store executive described as Americana fashions, with red, white and blue motifs. Navy blue and black remain among the most popular spring colors. White is coming up strong in at least one leading department store, particularly in coats and suits. At another place a spokesman said more sportswear is being sold than in recent years, and that there is a definite interest in the new full-skirted, narrow waist style.

STATE AFL-CIO GROUPS MEET

PITTSBURGH (AP)—Hundreds of delegates were on hand today for the opening of the third constitutional convention of the Pennsylvania AFL-CIO at the Civic Auditorium.

The convention is expected to pass some 100 resolutions during its scheduled four days meetings. Resolutions will cover economic, political, community service, state and national issues.

A new state AFL-CIO president will be elected along with a new executive vice president to replace the two copresidents who have headed the group since the AFL and CIO merged in 1960.

An invitation to Pittsburgh Mayor Joseph M. Barr to deliver today's welcoming address was withdrawn Monday after Pittsburgh firemen threatened to picket the auditorium.

The firemen have picketed the City-County Building since the first of the year in a dispute over a wage increase.

The firemen had charged that

GENEVA (AP)—U.S. Delegate Arthur H. Dean called on the Soviet Union Monday to outlaw books which dwell on the inevitability of war—including the works of Marx, Lenin and Stalin.

He made the demand in a heated session of the 17-nation disarmament conference in which delegates from East and West clashed on the question of how to eliminate war propaganda.

Barr's appearance before the union would be a "direct affront" to the firemen's union.

Barr said the withdrawing of the invitation was "ill-advised" and he charged the firemen's local union is "a disgrace to the community and to the cause of organized labor."

Richard W. Richards, president of the firemen's union, did not comment.
